

STUDENT PARKING REGULATIONS AND REGISTRATION

DRIVING AND PARKING REGULATIONS

Driving to school is a privilege, not a right. Privileges can be revoked. Upon arriving at school, student drivers should park, leave their vehicle and proceed into the building(s). It is highly recommended students lock their vehicles. **THE SPEED LIMIT ON CAMPUS IS 10 MPH.**

All West Plains High School students who park their vehicle on high school property during school hours are required to register with the attendance office. Students are required to purchase a parking permit if they plan to park their vehicle on campus. Parking permits are to be placed on the rear-view mirror. Permits may be purchased for \$5.00 each. Failure to display a permit may result in fine and/or disciplinary measures. Students must provide a copy of their driver's license to purchase a permit.

The student parking lot is **OFF-LIMITS** during the school day. **Upon arriving on campus in the morning, students are to park their vehicles and exit the vehicle and come into the building. It is strongly advised that all parked vehicles be locked at all times.** Vehicles exiting the parking lot after school should not interfere with the flow of departing school buses. Students who "cut into line" with departing school buses will be subject to Disciplinary Measures. If necessary, student drivers will be delayed until all buses have departed. **All students are to exit via the student parking lot on to North Howell Avenue.** Additionally, loitering on the parking lot after school hours is not permitted.

Student parking areas are: a) WPHS Student Parking Lot, and b) city streets adjacent to the school. **DO NOT PARK IN FACULTY PARKING AREAS** (i.e. Career Center, on lanes within campus, music building, food and family science area, lane south of gym, etc.). While we do have adequate parking spaces on normal days, there will be a few special events (rural and elementary track meets, sporting events, etc) when parking spaces are more difficult to find. Purchase of a permit does not guarantee a parking space everyday. Early arrival to campus is preferred to better insure a parking space.
