#### WELCOME

First, let us welcome you to Southern Missouri Technical Institute (SoMoTech). For over 50 years, we have been providing high school students the opportunity to prepare for a rewarding career in a variety of fields. You now join a line of students that we are proud to have helped develop those skills. Whether you plan to enter the field, enlist in the military, or continue your education after high school, this training will benefit you. However, like most anything in life, the benefits of these programs are directly proportional to the commitment a student has to learn the craft. It is a privilege to have access to this kind of training at virtually no cost to you. We know you will find this training both challenging and rewarding. We are very excited to have you on our campus and as a part of a very successful legacy of developing a high-quality workforce.

If you need assistance throughout the year, please do not hesitate to reach out to us, and, again, welcome.

#### SoMoTech PHILOSOPHY

Careers of today and tomorrow demand increased technical expertise requiring extended training and education. Since 1970, Southern Missouri Technical Institute provides the quality education and vocational skills training that business and industry expect in their employees. SoMoTech students are prepared with the skills, academic foundation, leadership, and flexibility to be competitive. The workforce of tomorrow needs to be ready to adapt to a constantly changing world of rapid technological advances and new ideas. SoMoTech education also prepares students for a variety of postsecondary options, including higher education, skilled employment, and lifelong learning.

Qualified instructors use industry standards and advanced training equipment to prepare students for numerous career options. Academic preparation is a critical component of the SoMoTech student's career development plan. Success and upward mobility in careers is highly dependent upon the ability to be both academically and technically proficient. A strong academic foundation is important in learning the increasingly complex technical skills required by today's workforce. Student learning styles differ and call for a variety of strategies to successfully teach/learn academic and technical subject matter. Instructors and staff at Southern Missouri Technical Institute will strive to set an example and foster leadership, service, and teamwork for every student.

#### PARTICIPATING SCHOOLS

The West Plains School District, in cooperation with twelve other school districts, supports and operates SoMoTech. The participating school districts are Alton, Bakersfield, Dora, Gainesville, Houston, Koshkonong, Lutie, Mountain View-Birch Tree, Summersville, Thayer, Willow Springs, Winona.

The service area of the Southern Missouri Technical Institute is designed to serve Howell, Oregon, Ozark, and Shannon Counties. The vocational programs are offered with the purpose of providing youth and adults with programs of high quality, which are realistic in the light of actual or anticipated opportunities for gainful employment.

#### **VISITORS**

Due to crowded conditions and the tight schedule of the SoMoTech, student-age visitors will not be allowed in the classroom or shops, unless prior permission is obtained from the Director.

#### STUDENT RESPONSIBILITY

This school is different from other schools you have attended before. The classes will be conducted differently and the atmosphere of the school will be entirely different. Our main purpose is to provide students with skills, attitudes and knowledge required to enter a chosen field of work, therefore we try to simulate the working world. We want students to feel (to a certain extent) they are actually working. There will be enough classroom and theory given so that you feel comfortable while working in the lab or shop.

Each instructor has adequate experience in the trade he/she is teaching to be able to establish an actual working atmosphere in his/her class. It is absolutely necessary that all students work in this atmosphere and conform to the overall rules of trade.

#### **DRESS CODE**

Students are expected to arrive in suitable clothes as would be expected in their vocational area. The clothing shall be laundered frequently to keep a good personal appearance and good hygiene. The instructor will inform students what constitutes suitable attire for your training program. Grooming, actions, and language must be in good taste at all times.

Student dress and appearance guidelines are based on accepted standards in the field in which the student is training to enter. As the instructor is responsible for the entire training and safety of the student, departures from instructor guidelines will not be allowed.

It is nearly impossible to cover all dress situations, which may arise. However, the following items will be considered unacceptable:

- 1. All Shirts must have a sleeve. Halter tops, tank tops, or any top which exposes the midriff. spaghetti strap tops are not permissible. Shirts with large arm holes *Low-cut shirts are not permitted and appropriateness of any shirt is left to the discretion of the administration.*
- 2. Patches or suggestive writing on clothing or hats having vulgar, sexual, drug or alcohol connotations.
- 3 Bare feet
- 4. Short shorts, cutoffs, biker shorts, etc. All shorts and skirts must be long enough so that the tip of the middle finger does not touch bare skin when the student is standing upright.

- 5. Jeans or pants with holes or tears which go completely through the cloth above the knee are not allowed (when standing upright). Skirts and shorts with holes are not permitted since the holes would be above the knee.
- 6. Chains/ropes hanging from clothing.
- 7. Clothes must fit properly and not be a distraction to the educational environment.
- 8. Any clothing, makeup or accessories which may cause a distraction to the educational environment.

**<u>NOTE:</u>** Walking shorts, city shorts, skorts, culottes, etc. are acceptable for student wear at any time during the school year.

#### **BODY PIERCING**

Due to health and safety concerns related to blood-borne diseases, the school strongly discourages body piercing other than pierced ears. This recommendation is related to protecting and promoting good health and safety precautions for the school population. Students with piercings, other than the ears, are not permitted to wear jewelry that protrudes from the body (hoops, rods, etc.). Rather, the jewelry must lie flat against the skin (studs, solitares, etc.).

Any or all body piercing jewelry may be required to be removed in order to participate in athletics and/or physical education activities.

#### ATTENDANCE POLICY (COURSE CREDIT)

Good attendance is essential if an individual is to achieve maximum success from school. This is particularly true in vocational technical education where the courses are specifically designed for most of the work to be done at school. Part of the training involves the development of good work habits. Many employers tell us that "regular attendance" is at the top of their list of good habits.

A student who attends regularly will develop better skills, better work habits, and usually be more employable than if they had been absent frequently.

To receive course credit a student must complete and pass all assigned work and meet the attendance requirements for their home school.

**SoMoTech honors each home school's attendance policy.** Attendance will be reported to the home through an online portal. At the end of each quarter the students' letter grade and attendance will be reported and the home school will have the authority to give credit, an incomplete or no credit.

#### COURSE REQUIREMENTS SoMoTech PROFICIENCY CERTIFICATION

Proficiency certification will be issued to students that complete the following requirements:

- A. Attendance rate will be 95% of SoMoTech program. The student may not have more than 8 unexcused absences per year. Students are responsible for clearing their excused absences with the program instructor within two school business days. Absences that may be excused under the home school attendance policy are:
  - a. Illnesses with a doctors note
  - b. Death in Family with a parental note
  - c. Dentist or Eye appointment with a doctors note
  - d. Court with a court clerk note
  - e. Home school activity, notification from home school
- B. C Average for all work assignments completed in the program.
- C. Completion of entire program; 8 quarters for a two-year program and 4 quarters for a one-year program, any exceptions must be approved by administration.
- D. Students must master 80% of the course competencies.

#### ATTENDANCE AT HOME SCHOOL ACTIVITIES

As might be expected there will be home school activities that students may miss by being in attendance at the SoMoTech. If a student is a participant in a home school activity, the High School Principal grants permission for the home High School student to attend, permission will be granted for absence from the SoMoTech. **This should be arranged three (3) days prior** to the day of the absence by obtaining written permission from the home High School, signed by the Principal and delivering that form to the Administrative Office of the SoMoTech. Students will be informed by the SoMoTech that cooperative arrangements have been made.

## STUDENTS MUST MAKE UP ALL CLASSROOM WORK MISSED FOR HOME SCHOOL ACTIVITIES. REPORTING OF GRADES

SoMoTech will maintain updated grades in an online portal accessible to each homeschool.

#### **EVALUATION**

Teachers use a percentage system of grading. The grading scale is as follows:

<u>Gr.</u>	<u>G. Pt.</u>	<b>PERCENT</b>
A	4	90-100
В	3	80-89
C	2	70-79
D	1	60-69
F	0	0-59

#### ASSESSMENT PROGRAM

The district will use assessments as one indication of the success and quality of the district's education program. Further, the Board recognizes its obligation to provide for and administer assessments as required by law. The Board directs the superintendent or designee to create procedures governing assessments consistent with law and Board policy.

In cooperation with the administrative and instructional staff, the Board will regularly review student performance data and use this information to evaluate the effectiveness of the district's instructional programs, making adjustments as necessary.

The district will comply with all assessment requirements for students with disabilities mandated by federal and state law, including the Individuals with Disabilities Education Act (IDEA).

In order to achieve the purposes of the student assessment program, the district requires all enrolled students to participate in all applicable aspects of the assessment program.

#### DISTRICT ASSESSMENT PLAN

The superintendent or designee shall ensure that the district has a written assessment plan that will test competency in the subject areas of English, reading, language arts, science, mathematics, social studies and civics, as required by law.

The purposes of the district wide assessment plan are to facilitate and provide information for the following:

- 1. *Student Achievement* To produce information about relative student achievement so that parents/guardians, students and teachers can monitor academic progress.
- 2. Student Guidance To serve as a tool for implementing the district's student guidance program.
- 3. *Instructional Change* To provide data that will assist in the preparation of recommendations for instructional program changes to:
  - a. Help teachers with instructional decisions, plans and changes regarding classroom objectives and program implementation.
  - b. Help the professional staff formulate and recommend instructional policy.
  - c. Help the Board of Education adopt instructional policies.
- 4. *School and District Evaluation* To provide indicators of the progress of the district and individual schools toward established goals.
- 5. Accreditation To ensure the district maintains accreditation.

There shall be broad-based involvement of staff and others with appropriate expertise in the development of the assessment program and its implementation. Instructional staff will be given training and responsibilities in coordinating the program. Every effort will be made to ensure that testing contributes to the learning process rather than detracts from it and that cultural bias does not affect the accuracy of assessments.

#### READING ASSESSMENT

The district will administer a reading assessment to students in third, fourth, fifth and sixth grades to determine whether additional reading instruction and retention are needed, as required by law. The district will also administer a reading assessment to all students who transfer to the district in grades four, five or six, and to all students attending summer school due to a reading deficiency, as required by law.

The reading assessment will be a recognized method, or combination of methods, of assessing a student's reading ability. Results of assessments will be expressed as reading at a particular grade level. The superintendent or designee will determine which methods of reading assessment the district will utilize.

#### **ENGLISH PROFICIENCY ASSESSMENTS**

The district will annually assess the English reading, writing and oral language skills of district students with limited English proficiency.

#### STATEWIDE ASSESSMENTS

The district will implement the components of the Missouri Assessment Program (MAP) in order to monitor the progress of all students in meeting the standards adopted by the Missouri State Board of Education.

End-of-course (EOC) assessments will be administered in accordance with law and the rules of the Department of Elementary and Secondary Education (DESE). In courses where EOC assessments are given, the superintendent will determine what percent of the course grade will be decided by performance on EOC assessments.

If a student is taking a course that requires an EOC assessment and is failing the course or for some other reason may be required to retake the course, the district may choose to delay administration of the EOC assessment until the student has completed the course the second time. A team consisting of the course instructor, the principal and a counselor will determine when delayed administration of an EOC assessment is appropriate. In the case of a student with an individualized education program (IEP), the IEP team will make the determination.

The School Board authorizes the superintendent to establish a process designed to encourage the students of this district to give their best efforts on each portion of any statewide assessment, which may include, but is not limited to, incentives or supplementary work as a consequence of performance.

The district's policy on student participation in statewide assessments shall be provided at the beginning of the school year to each student and the parent/guardian or other person responsible for every student under 18 years of age. The policy will also be kept in the district office and be available for viewing by the public during business hours of the district office.

#### NATIONAL ASSESSMENT of EDUCATIONAL PROGRESS

If chosen, the district will participate in the National Assessment of Educational Progress (NAEP) as required by law.

#### LEAVING THE CLASS

No student is to leave the class area during the school hours without written authorization from the SoMoTech Office and the instructor. Exceptions to this may include groups working away from the building. In such case, the instructor is to notify the Office.

#### **CLASS BREAKS**

So that students may receive the maximum instruction in their scheduled class breaks should be kept to a minimum. The instructor will schedule break time.

#### SHOP, LABORATORY & WORK SITE SAFETY

Instructors will be very strict in the enforcement of safety procedures in the shop, laboratory and work site sessions. It will be the student's responsibility to follow all safety procedures and use the necessary safety equipment while working in a lab, on a worksite or in a shop. All SoMoTech safety procedures and safety equipment will be thoroughly covered with each class prior to entering the laboratory area. The instructor should be informed of any injury acquired by a student during the training period.

Students in violation of any safety procedure or nonuse of safety equipment will be subject to Disciplinary Measures. Refer to penalties in the discipline section.

#### WEST PLAINS DISTRICT BULLYING POLICY (JFCF)

In order to promote a safe learning environment for all students, the West Plains R-VII School District prohibits all forms of bullying. The district also prohibits reprisal or retaliation against any person who reports an act of bullying among or against students.

#### **Definitions**

Bullying – In accordance with state law, bullying is defined as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; that substantially interferes with the educational performance, opportunities or benefits of any student without exception; or that substantially disrupts the orderly operation of the school. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or property damage; oral, written, or electronic communication, including name-calling, put-downs, extortion, or threats; or threats of reprisal or retaliation for reporting such acts.

Cyberbullying — A form of bullying committed by transmission of a communication including, but not limited to, a message, text, sound or image by means of an electronic device including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager. The district has jurisdiction over cyberbullying that uses the district's technology resources or that originates on district property, at a district activity or on district transportation. Even when cyberbullying does not involve district property, activities or technology resources, the district will impose consequences and discipline for those who engage in cyberbullying if there is a sufficient nexus to the educational environment, the behavior materially and substantially disrupts the educational environment, the communication involves a threat as defined by law, or the district is otherwise allowed by law to address the behavior.

School Day – A day on the school calendar when students are required to attend school.

#### **Designated Officials**

The principal of each building is hereby designated as the individual to receive and investigate reports of bullying. Each building principal shall designate at least two teachers or administrators in the building who are authorized to receive and investigate reports of bullying in the principal's absence or at the principal's discretion.

The district compliance officer appointed in policy AC will serve as the districtwide anti bullying coordinator. The antibullying coordinator will receive all completed investigative reports from all buildings and analyze the reports to identify any information that would inform the district's antidiscrimination and antibullying education and training programs. In addition, the antibullying coordinator will assist in making any relevant reports as required by state and federal law.

#### **Reporting Bullying**

School employees, substitutes or volunteers are expected to intervene to prevent student bullying, appropriately discipline the perpetrator, assist the victim and report the incident to the building principal or designee for further investigation and action. Any school employee, substitute or volunteer who witnesses or has firsthand knowledge of bullying of a student must report the incident to the building principal or designee as soon as possible, but no later than two school days after the incident.

Students who have been subjected to bullying, or who have witnessed or have knowledge of bullying, are encouraged to promptly report such incidents to a school employee. Any school employee receiving such a report shall promptly transmit the report to the building principal or designee.

If the bullying incident involves students from more than one district building, the report should be made to the principal or designee of the building in which the incident took place or, if more appropriate, to the principal or designee of the building attended by the majority of the participants in the incident.

#### Investigation

Within two school days of receiving a report of bullying, the principal or designee will initiate an investigation of the incident. Reports that involve students from multiple buildings will be investigated cooperatively by the principals of each building involved, or those principals may request that the district's compliance officer designated in policy AC conduct the investigation. If at any time during the investigation the principal determines that the bullying involves illegal discrimination, harassment or retaliation as described in policy AC, the principal will report the incident to the compliance officer designated in that policy, who will assist in the investigation. If the alleged bullying involves a special education student or a student with disabilities, the principal will also notify the special education director.

The investigation shall be completed within ten school days of the date the report of bullying was received unless good cause exists to extend the investigation. Upon completion of the investigation, the principal will decide whether bullying or harassment occurred and, if so, whether additional discipline is warranted in accordance with the district's student discipline code. The principal will generate a written report of the investigation and findings and send a copy of the completed report to the district's antibullying coordinator. The principal or designee will document the report in the files of the victim and the alleged or actual perpetrator of bullying. All reports will be kept confidential in accordance with state and federal law.

If the incident involved allegations of illegal discrimination or harassment, the principal's decision may be appealed in accordance with policy AC. Student discipline may be appealed when allowed by law in accordance with Board policy.

The principal or other appropriate district staff will work with victims and their families to access resources and services to help them deal with any negative effects that resulted from the incident.

#### Consequences

Students who participate in bullying or who retaliate against anyone who reports bullying will be disciplined in accordance with the district's discipline code. Such discipline may include detention, in-school suspension, out-of-school suspension, expulsion, removal from participation in activities, exclusion from honors and awards, and other consequences deemed appropriate by the principal or superintendent. The district will also contact law enforcement when required by law or notify social media companies of inappropriate online activity when appropriate. Even in situations where the district does not have jurisdiction to discipline a student for bullying, such as when the acts take place off campus and there is an insufficient nexus to the district, the principal or designee will take appropriate actions to assist student victims. Such actions may include, but are not limited to, contacting the parents/guardians of the victim and the alleged perpetrators, communicating that this behavior is not allowed on district grounds or at district activities, notifying the appropriate district staff to assist the victim, and taking additional action when appropriate, such as notifying law enforcement or social media companies of inappropriate online activity.

District employees and substitutes who violate this policy will be disciplined or terminated. Discipline may include

suspension with or without pay, a negative evaluation, prohibition from being on district property or at district activities, mandated training or other appropriate remedial action. Volunteers who violate this policy will no longer be permitted to volunteer.

#### **Policy Publication**

The district shall annually notify students, parents/guardians, district employees, substitutes and volunteers about this policy and the district's prohibition against bullying. A copy of this policy shall be included in student handbooks and posted on the district's website.

#### Training and Education

The district's **antibullying** coordinator will provide information and appropriate training designed to assist employees, substitutes and volunteers who have significant contact with students in identifying, preventing and responding to incidents of bullying.

The district will provide education and information about bullying and this policy to students every year. The principal of each school, in consultation with school counselors and other appropriate school employees, will determine the best methods for facilitating the discussion. Methods may include, but are not limited to: assemblies; homeroom presentations; class meetings; team or club meetings; special presentations by counselors, social workers or mental health professionals; and open-house events. When practical, parents/guardians will be invited to attend. In addition to educating students about the content of this policy, the district will inform students of:

- 1. The procedure for reporting bullying.
- 2. The harmful effects of bullying.
- 3. Any initiatives the school or district has created to address bullying, including student peer-to-peer initiatives.
- 4. The consequences for those who participate in bullying or engage in reprisal or retaliation against those who report bullying.

School counselors, social workers, mental health professionals, school psychologists or other appropriate district staff will educate students who are victims of bullying about how to overcome the negative effects of bullying including, but not limited to:

- 1. Cultivating the student's self-worth and self-esteem.
- 2. Teaching the student to defend him- or herself assertively and effectively without violence.
- 3. Helping the student develop social skills.
- 4. Encouraging the student to develop an internal locus of control.

#### **Additional School Programs and Resources**

The Board directs the superintendent or designee to implement programs and other initiatives to address bullying, respond to such conduct in a manner that does not stigmatize the victim, and make resources or referrals available to victims of bullying. Such initiatives may include educating parents/guardians and families on Bullying prevention and resources.

#### **SENATE BILL NO. 519**

#### 78<sup>TH</sup> GENERAL ASSEMBLY

Senate Bill No. 519 requires all students, teachers and visitors to wear an industrial quality eye protective device when participating in or observing any of the following courses in schools, colleges, universities, or other educational institutions:

- 1. Vocational, technical, industrial arts, chemical, or chemical-physical shops or laboratories involving exposure to the following: hot molten metal, or other molten materials; milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials; heat treatment, tempering or kiln firing of any metal or other materials, gas or electric arc welding, other forms of welding processes; repair or servicing of any vehicle; caustic or explosive materials.

#### **COMMUNICATION**

#### RAPID NOTIFICATION SYSTEM - Blackboard

West Plains Schools uses a rapid notification system that allows schools to contact thousands of parents within minutes. West Plains Schools has implemented this to substantially improve its ongoing communication with parents. This service, currently through Blackboard Connect is only available to parents of children in the West Plains School District.

Our Rapid Notification System allows school administrators to keep parents updated quickly and efficiently with personalized messages and helps parents stay actively involved in their child's education.

The Rapid Notification System has the ability to do the following:

Reach thousands of parents per minute (calls and text alerts)

Send notifications even when school phone lines are down

Inform parents the very morning of a child's absence from school

Rapidly deliver first-hand information during a crisis situation

Parents will receive the following types of alerts from schools:

Routine notification calls do not directly affect the safety of students, staff or parents. These calls include upcoming events, delayed school bus routes etc.

Emergency notification calls are used during critical incidents where a child, staff member or parent's safety is in immediate jeopardy. These calls include lockdowns, evacuations and relocations.

Text alerts will be used to distribute quick reminders or information. If your primary phone is your cell phone, you will receive text alerts. (You will have the option to opt-out of receiving alerts.) Text alerts will be limited but will occur more frequently than our routine notification calls.

Email Updates will be sent out to the email address that parents enter into the student information system. These will include reminders and updates on various school events. Emails will be limited but will occur more frequently than our routine notification calls.

#### ZIZZERPRIDE E-NEWS

ZizzerPride E- News is the district's weekly e-newsletter that is sent out to all members of the community who have subscribed. This service is delivered by e-mail and includes updates for events across the district as well as news items in the district. Sign up for ZizzerPride E-News on the District's homepage at www.zizzers.org.

#### FILMING OF STUDENTS

Parental approval is not required when students are photographed, videotaped, or recorded by a representative(s) of the school district for purposes of safety, maintenance of discipline in school or on school buses, any purpose related to a co-curricular or extra-curricular activity, or any purpose related to regular classroom instruction. (Examples: include but are not limited to newspaper releases, ZizzerPride News). Throughout the year, media representatives (newspapers, television and periodical publishers) may be on campuses to videotape and/or photograph students in school-related activities or events. Parents may deny permission for their children to be photographed or videotaped by notifying the principal in writing.

#### POSTING/DISTRIBUTION of LITERATURE

All community partner requests for distribution of flyers must go through the Director of Communications at the West Plains Schools Administration Center located at 305 Valley View Drive. The district is now uses PeachJar E-flyers online for all outside groups wishing to distribute flyers to our students. If you are an outside group, you will need to create an account. Go to www.peachjar.com to create an account. If your flyer is just promoting an event that does not require a fee or is a benefit for something, you may qualify for free posting. Email lana.snodgras@zizzers.org to see if you qualify.

#### SCHOOL CANCELLATIONS

In case of inclement weather or other emergency situations, announcement of school closings will be made through the Rapid Notification System Blackboard and ZizzerPride E-News in addition to information being posted on Facebook (www.facebook.com/wpzizzers) and Twitter (@wpzizzers). Information will also be supplied to local television stations, radio stations and other news outlets. As soon as a decision is made, the media will be notified. Additionally, our school website can be accessed for school closing information or other important information at http://www.zizzers.org. Please check the district website or social media outlets for information rather than calling the school. The school phone lines need to be kept open for emergency purposes.

If school is dismissed early, all efforts will be made to notify parents through the methods listed above. Parents should have arrangements made each school year for emergency-type situations. These arrangements should be discussed with your child/children so they will know what to do.

#### INSURANCE AND HEALTH INFORMATION

All students are encouraged to provide insurance information within the first seven days of school. Students may not be permitted in a shop situation until this condition has been satisfied. The school will not assume responsibility for medical charges acquired if a student or visitor is injured in the facility.

It is of vital importance that the health form be filled out by student and parents and returned to the school in order for us to have proper information in case of emergency. First Aid will be available at the school during the day. If a student needs emergency hospital or medical aid, he/she will be taken to the hospital or a physician and parents will be notified immediately. It should be noted that the SoMoTech **DOES NOT** carry accident insurance on its

students. It is therefore highly recommended that parents either carry accident insurance of their own or through the home school if available to ensure your child is covered.

#### QUALIFICATIONS FOR LEADERSHIP POSITIONS IN STUDENT ORGANIZATIONS

Student leaders are elected by members of their class and/or student body. Student leadership candidates must meet the minimum MSHSAA standards for participation (pass 5 of 7 classes attempted the prior semester), and have maintained a "C" cumulative grade point average. Students who choose to bring such items do so at their own risk and the West Plains R-VII School District, SoMoTech nor its faculty will be held liable for lost, stolen, or broken items. Cell phone use is discouraged during the school day. Any use of cell phones is at the discretion of the instructor.

**ÁSBESTOS** 

The Asbestos Hazard Emergency Response Act of 1986 (AHERA), was enacted recently by Congress. AHERA was enacted to determine the extent of, and develop solutions for, any problems schools may have with asbestos. A certified asbestos inspector, as required by AHERA, has inspected our facilities. The inspector has located, sampled, and rated the condition and hazard potential of all materials in our facilities suspected of containing asbestos.

An asbestos management plan has been developed for our facilities which include: notification procedures, education and training of our employees, plans and procedures designed to minimize the disturbance of the asbestos containing materials, and plans for regular surveillance of the asbestos containing materials.

A copy of this management plan will be available for your inspection in our administrative offices during regular office hours.

We will be implementing the asbestos management plan and taking whatever steps are necessary to insure students and employees have a healthy, safe environment in which to learn and work.

#### FIRE DRILLS

It is necessary that we have a plan for getting students out of the building in case of an emergency. Each year we have "fire drills" to acquaint students with how to leave the building in an orderly manner.

Fire drills will be signaled by an announcement from the office or by a test of the fire/smoke detection system. The students are to leave the rooms immediately and proceed in a brisk walk to the exits designated in each room. The instructions to follow during these fire drills will be posted in each room. Teachers should acquaint all students with which exit to use if the drill occurs while they are in your room.

All students should be instructed to walk briskly but not to run. They should proceed to the outer walks and remain outside the building until an "all clear" is announced by the administration. They should then return to their classes quietly and immediately.

ALL PERSONNEL ARE TO LEAVE THE BUILDING DURING ANY FIRE DRILL.

#### TORNADO DRILLS

To prepare for tornados, the school will conduct "tornado drills" to familiarize students with the proper tornado procedures. Tornado drills will be signaled by an announcement. Each room will have a designated area for students and staff to congregate during the drill. This information will be posted in every room. Everyone should go immediately to their area and get in proper position against the walls away from windows and doors. We would like to have all students and personnel in their emergency area in less than one minute.

#### **EARTHQUAKE DRILLS**

In the event of an earthquake, the procedure would be for students and staff to gain cover under a desk or other heavy object during the actual earthquake. Students and staff should use the information listed under fire drills for where to proceed after the earthquake.

## EMERGENCY ALERT PLAN (LOCKDOWN PROCEDURE)

#### Students should:

- 1. Remain in their assigned classroom.
- 2. Remain quietly in their seats and continue with class work.
- 3. If, for any reason, you are out of your assigned classroom when lockdown is announced, report back to that class immediately.
- 4. Failure to comply with this policy will result in 10-90 days of Out-of-School Suspension.

An emergency alert plan is used when there is someone dangerous in the building, an incident involving violence, searches, etc.

#### STUDENT CONDUCT

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to insure the orderly operations of school districts. No code can be expected to list each and every offense which may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses which, if committed by a student will result in the imposition of a specific penalty.

The circumstances surrounding an incident and the student's previous disciplinary record should be taken into account in determining the appropriate punishment. Therefore, it is sometimes necessary to take more firm disciplinary action than guidelines may call for due to repeated misconduct. It is assumed that the classroom teacher will handle many of the minor violations of rules that do not warrant referral to an administrator.
