BUDGET MESSAGE

(This page intentionally left blank)

2015-16 BUDGET MESSAGE

The 2014-15 school year ended a season of projects which were of high need for the district. Over the past few years the district has completed phase II of the SCCC building, built a new Agriculture Science building, addressed facility needs at the P.R.I.D.E. academy, developed a weight & physical education training facility, and made significant improvements to the newly acquired baseball field. In addition, the district engaged in a lease purchase agreement to acquire 15 much needed buses.

The 2015-16 school year will be a year of conservative spending. The district is currently looking to maintain the current operating budget and reduce spending where possible.

Over the past several years, West Plains School District has worked very hard to allow teacher movement on the salary scale and occasional increases to base salary. The district is currently in the process of evaluating employee compensation to determine the feasibility of salary movement.

In 2014-15 the West Plains School District experienced a 15% insurance increase which increased the district overall insurance cost by \$126,000. The recurring cost of insurance premiums will force the district to evaluate their ability to maintain employee benefits and district programs while operating with a balanced budget.

The West Plains School district is currently in the middle of an enrollment slump resulting in the lowest enrollment in the past 15 years. As a result, the West Plains school district could see a reduction in revenue from the state funding formula by nearly \$300,000.

Without a doubt, the West Plains district will have to make difficult decisions to operate under a balanced budget during a time of increased cost and declining revenues. The 2015-16 school year will be one where programs are evaluated, all expenses are reviewed, expenditures are conservative, and operations are streamlined.

REVENUE NOTABLES

Local Revenue

Current & Delinquent Taxes [5111-5112]

There currently are no projections as to expected increase or decrease in district Assessed Valuation. In early February, Daniel Franks stated that the housing market in West Plains is as slow as it has been in the last 10 years. This could have a negative effect on our Assessed Valuation. Unfortunately, the district would typically project a small increase in Assessed Valuation during odd years such as this current year. At this time \$154,000,000 will be used as the proposed assessed valuation. The budget is based on 97% collection. 91% in current taxes and 6% in delinquent taxes. The district continues to use \$3.63 as the tax rate.

Using the current numbers, every 1 cent levied will yield approximately \$15,000.

[See Page 11-12: Local Tax Collection] Updated: February 27, 2015

(Prop C Revenue) [5113]

Commonly referred to as the Proposition C Sales Tax Fund. This should not be confused with Classroom Trust Fund. Prop C revenue is considered local, however, it is received from the state.

Through February of 2015, Prop C estimations continue to be very good. The current projection is around \$935 which is significantly greater than years past. DESE is telling school districts to be very cautious in using this number. Early Prop C estimates have a history of being high and optimistic.

The current proposed budget includes a Prop C estimate of \$915 per student ADA. (Last year Prop C estimates were \$940) The district is using an ADA of 2036 which is an accurate estimate at this time. This number could increase or as easily decrease. If the Prop C estimate is correct at \$915, and ADA holds at 2036, the district will receive an additional \$150,000 as compared to last year.

***Notice: As the district's ADA continues to decrease, Prop C will be impacted. If ADA drops 30, the district will lose \$27,000.

[See Page 11-10, Prop C Estimate] Updated: February 27, 2015

Financial Institution (Intangibles) [5114]

Taxes levied on the intangible assets of financial institutions such as banks or savings and loan associations. The district has received more than projected the past three years from financial institutions with home offices in Howell County. Financial Institution Tax is very difficult to project from year to year. The district increased to \$45,000 last year and has again increased the revenue to \$55,000 in 2015-16.

Updated: February 27, 2015

M & M Surcharge Tax, Delinquent & Interest [5115]

M&M is determined from a historical perspective. It can fluctuate with large margins. The district has increased revenue to \$300,000 from last years \$280,000.

Updated: February 27, 2015

Interest Earned [5141]

The district receives minimal amount of interest on several sources of revenue. The district's depository is the largest source of interest followed by interest earned on tax revenue. Unfortunately, district reserves have decreased over the past few years resulting in reduced revenue earned. The projected interest for the depository is \$80,000. This is down from last years projected \$85,000.

The district is currently under contract with Community First Banking Company for depository services. Interest is paid to the district at a variable rate of the 91 day discounted Treasury Bill rate as published in the Wall Street Journal plus .31 Basis points adjusted monthly on the first business day of the month. Community First Banking Company guarantees a minimum rate of 1.25%.

Updated: February 27, 2015

Food Service [5151]

Food Service revenues have come in low for the past few years. Our local pupil revenue has declined over the past few years. We believe this is primarily due to missed snow days over the past few years. Our current budget represents the best estimates on food service revenues

known as of early March 2015. *Updated: March 4, 2015*

Admissions [5171]

Admissions & Gate money are an area of some concern. As of February revenue was \$33,000 which is fairly consistent with the 2012-13 school year. In the prior years the district had earned approximately \$39,000 and \$44,000 respectively. *Updated: February 27, 2014*

Student Activity & Booster Activity (Manual Entry)

Student activities dollars can vary greatly from year to year. Unless the district is aware of a major trip or major event that will be occurring, predicting student activity revenue and expenditures is virtually impossible. Hypothetically, the revenue and expense should equal out over time. The district typically budgets the same revenue as expenditures in the budget. Section 15 is designated for Student Activity accounts balances.

County Revenue

Fines, Escheats, Forfeit

These are revenues received from the county school fund. All fines passing through the office of the County Clerk or Circuit Clerk. It also includes Sheriff's sales (foreclosure sale surplus)/unclaimed tax surplus surtax. 2014-15 revenues came in lower than expected. As a result, the 2015-16 budget has been reduced by \$10,000 to reflect \$105,000 in projected revenue. *Updated: April 7, 2015*

State Revenue

Basic Formula State [5311]

The district knew student enrollment had declined slightly over the past few years, however, the impact the decline had on funding was shocking. The district is currently experiencing a WADA drop of 81.

To determine funding, the district uses a figure called ADA. This is the amount of time a student was actually present at school. For example, a student who is enrolled all year and has perfect attendance will have an ADA value of 1. A student who is enrolled all year and has been present for 89% of the year will receive an ADA value of 0.89.

The district can use enrollment & attendance data from the prior two years. For school year 2015-16, the district will be using student data from 2013-14. As you can see from the following chart, ADA declined by 48 between 2012-13 and 2013-14.

Year	ADA	
2014-15	1,765.5	
2013-14	1,792.8	We will use this figure
2012-13	1,840.6	Can no longer be used
Difference	47.8	

Also impacting our ADA is the “bonus” for free & reduced students and special education. Due to a decline in both sets of numbers, the WADA has decreased by an additional 40 students.

Year	F&R	Spec. Ed.	Total
2013-14	126.0	16.6	142.6
2012-13	149.5	33.4	182.9

*Number represent the bonus amount, not the actual number of students.

*2014-15 numbers are better but because we are using 13-14 ADA, 14-15 doesn't come into play.

Year	F&R	Spec. Ed.	Total
2014-15	139.8	43.9	183.7

Year	Summer School ADA
2014-15	80.0
2013-14	87.3

*2014-15 is an estimation

[See Page 10-1 & 10-2: Formula Calculation Estimate & ADA Calculation] *Updated: March 3, 2015*

Transportation State [5312]

Transportation is funded using a formula, however, there has been so much uncertainty in transportation funding and the overall transportation budget at the state level that historical data has been used for the past few years. Through March 3, 2015, there is not information concerning transportation funding for year 2015-16. At this time revenue is unchanged and based on last years budgeted amount. *Updated: March 3, 2015*

Classroom Trust Fund [5319]

Class room trust fund is a pool of money which is somewhat deceiving. The money is built into the State Funding Formula even though it has its own separate budget and revenue code. If Classroom Trust Fund increases, Basic Formula [5311] will decrease by the same amount. Classroom Trust Fund is separated because there is flexibility with how a school district can spend this allotted money.

Classroom Trust Fund is currently estimated at \$405 per ADA which is the projected rate in the March 2015 DESE finance memo.

Classroom Trust Fund is generated from State Gambling revenues.

[See Page 11-1, lines 16 for CTF for calculation] *Updated: April 7, 2015*

Special Ed High Need Fund-[State 5381] [Federal 5437]

2015-2016 Budget: Budget Message

Section 1: Page 4

Established (Section 162.974) to provide funding support for districts with “High Need Students” whose educational costs exceed three times the district’s current expenditure per Average Daily Attendance (ADA).

The state of Missouri receives a small reimbursement from the federal government which results in a portion of the West Plains payment to be coded to federal revenue. Between the two revenues, the district is expecting approximately \$58,000 in revenue.

Other Miscellaneous State Revenue [5397]

Miscellaneous State Revenue is typically a onetime payment of money from the state from random sources. For example, the state may receive money from a lawsuit or receive an adjustment payment from the federal government. Regardless of source, projecting miscellaneous state revenue is nearly impossible and in many years has resulted in no additional money. For this reason, the district will budget \$0 in this area. As of March 3, 2015 DESE has given no indication there will be miscellaneous revenue for 2015-16. *Updated: March 3, 2015*

Tuition Revenue

Rural District Tuition [5810]

District Tuition is based upon the rural enrollment and multiplied by the district tuition rate. [See page 15-05]. The 2015-16 tuition rate has increased by 3% to \$7,659.38 from the 2014-15 rate of \$7,436.29.

Unfortunately, the anticipated K-8 enrollment is declining. The number of graduating 8th grade students from the area K-8 districts is a low rate. The current budget reflects 501 ADA from K-8 districts.

*****NOTICE** This presented budget includes the figure of \$3,834,607. If K-8 enrollment and/or ADA declines from the estimated 501, the presented budget will fall short.***

Updated: March 3, 2015

Tuition – Local Tax Effort [5831]

Occasionally school districts are responsible for educating a student when their parents or legal guardians are in another school district. Section 167.126 allows for the school district to bill the domicile district for the domicile district’s local tax rate. Local tax effort includes property tax, intangible taxes, M & M surtaxes, In-Lieu-of taxes, and city sales tax.

Non-domicile students arrive at the West Plains district typically as a foster child or a child in a special care placement. It is very difficult to estimate the number of students the district will have in its care and the length of time enrolled in the district.

Based on historical numbers, the district will budget \$5,000 in this area.

SCCC Revenues are explained in Section 12.

EXPENSE NOTABLES

Salaries & Benefits

Salaries [61xx]

The current budget reflects the salary schedules used in 2014-15 school year and salary movement of 1 step, for the faculty and staff. This budget does include most faculty & staff changes through April 2, 2015

Updated: April 7, 2015

Benefits Not Including Health Insurance [62xx] PSRS, PEERS, OASDI, Medicare, Life Insurance

At this time all benefits, excluding Health Insurance, are remaining stable for the 2015-16 school year. Rates have been adjusted through an automatic calculation within the district payroll system. *Updated: April 7, 2015*

Benefits [6241] Health Insurance

It is always tricky attempting to project Health Insurance. The current budget reflects a 7% increase in health insurance. The district has discussed a health insurance cap in the past and will continue to discuss this issue in the future.

Updated: February 27, 2015

Missouri United School Insurance Council (MUSIC)

Includes: Workers Compensation Insurance [6261], Property Insurance [6351], Liability Insurance [6352]

The school district currently receives Workman's Comp, Property Insurance, and Liability Insurance through a State wide school consortium that currently includes 463 school districts.

Districts receive an invoice in November to be paid in December. The currently has \$324,424 budgeted for M.U.S.I.C. which is a \$12,700 (4%) increase over the prior year.

[See Page 11-22: M.U.S.I.C.] *Updated: April 7, 2015*

High School

Rosetta Stone

We continue to take advantage of Rosetta Stone Discounted Offers. Included in this budget is a payment of \$34,350 to Rosetta Stone which will pay the district subscription through the 2017-18 school year.

Updated: April 7, 2015

Facilities (4000)

Last year the district spent down reserves required to complete projects which were currently underway. The budget currently includes \$200,030 of expense to cover the facility needs of the district. \$200,030 is significantly less than recent prior years and is most likely not sustainable over time. District facilities will need to be addressed and repair and replacement of equipment can easily exceed \$200,000 per year in a district the size of West Plains. With a budget of \$200,000, the recommendation would be to only spend what is necessary, as surprises easily eliminate this number.

[See Page 11-23 Facility Improvements] *Updated: February 27, 2015*

HVAC [2547]

The district has added a series of codes designated just for the maintenance and repair of the district's heating and air conditioning equipment. At this time, the district has not added to the budget for HVAC repairs, but reduced expenses from Operations and Maintenance. Changes will be made to the HVAC codes as more information becomes available.

Updated: April 7, 2015

Superintendent Equipment [40-2321-6541-9000-000]

The district has budgeted \$35,614 in order to make the 6th payment of 7 to Keystone, the district financial software. The last payment will come in the year 2016-17.

FROM THE FEBRUARY 2015 DESE FINANCIAL MEMO

2015-16 Proposition C Sales Tax Payment Estimate

The Governor's Budget projected an increase in Proposition C revenue for the 2015-16 fiscal year. The 2015-16 Proposition C Sales Tax payment will be paid on the 2014-15 weighted average daily attendance (WADA).

With statewide ADA basically holding constant and the assumption that summer school will do the same, it is predicted that Proposition C Payment WADA will be in the vicinity of 903,000 in FY15. If the Revenue Estimate of \$848,739,000 is achieved, it would mean a WADA payment of approximately \$939. While it appears this level of collection is achievable, caution should be used as determination of budget estimates are made.

Trend data for Proposition C Payments since the inception of the current foundation formula can be located in the section of this memo titled 2014-2015 – Proposition C Sales Tax Payment Estimate Revision.

CLASSROOM TRUST FUND

Information for 2015-16 calculation not yet available. \$405 per ADA will be used as an estimate.

FEBRUARY FINANCE MEMO

2015-16 Classroom Trust Fund Estimate

The 2015-16 Classroom Trust Fund payment is paid on the 2014-15 average daily attendance of approximately 848,000. The projected Classroom Trust Fund revenue as stated in the Governor's recommendations for the 2014-15 budget is \$343,456,910. This estimated revenue will be divided by an estimated 2014-15 average daily attendance of approximately 848,000, which is approximately \$405 per ADA from the Classroom Trust Fund for the 2015-16 year. The Classroom Trust Fund is one of the funding sources of the Basic Formula and, like other funding areas, we will not know exactly the funding level until the appropriation process concludes. Please remember that this calculation is done to determine the proper placement of funds in accordance with statute.

As a reminder, Senate Bill 291 passed in the 2009 legislative session includes the following provision in Section 163.043.5:

For the 2010-2011 school year and for each subsequent year, all proceeds a school district receives from the classroom trust fund in excess of the amount the district received from the classroom trust fund in the 2009-2010 school year shall be placed to the credit of the district's teachers' and incidental funds.

Non-Resident Attendance Percentage for 2013-14: <i>(Report from Lumen Information System: Amount figured in year 13-14 using data from 14-15)</i>	94.25%	94.25%

Calculations

Expenditure per WADA <i>(Operating Expense / Weighted ADA)</i>	\$8,626.46	\$8,333.92
Pupil Transportation Cost Per Student <i>(Pupil Transportation Cost / RI Enrollment = Cost Per Student)</i>	\$123.46	\$118.76
Calculated Tuition Without Attendance Rate Factor <i>(Expenditure per WADA - Transportation Cost Per Student)</i>	\$8,503.00	\$8,215.16
Calculated Tuition (includes attendance factor) <i>([Expenditure per WADA - Trans. Cost Per Student] x Attendance)</i>	\$8,014.08	\$7,742.79

Calculated Floor & Cealing Based on 2014-15 Tuition Rate

2014-15 Tuition	3% Decrease Floor	3% Increase Cealing
\$7,436.29	\$7,213.20	\$7,659.38

*The calculated tuition rate is greater than the calculated tuition ceiling.
The ceiling will come into effect. The projected tuition rate will be set at:*

\$7,659.38

Formula

[(Operating Expense/Weighted ADA) - Transportation Cost Per Student] x Non-Resident Attendance

New Retirees have 1 year to decide to keep insurance

Retirees who cancel after 1 year CANNOT come back on

Change in Benefits, i.e. Buy-up on 1/1 allows adding to Cafeteria Plan at that time

Can drop dependents at any time, but cannot add until open enrollment UNLESS qualifying event

Increase in other coverage premium is NOT a qualifying event

Dependent children can be covered until age 25 whether a student or not.

SCCC BUDGET MESSAGE

Mr. Jim Laughary, SCCC Director

Enrollment

Early indications show another year of growth in our secondary programs. Strong junior enrollment last year led to good returning numbers. To improve recruitment efforts this year, Mrs. Holloway coordinated sending school tours of our campus and programs. This was well-received by the visiting school counselors and students.

For the first year, the Surgical Technology program began with a full class. Practical Nursing also had a full class at the beginning of the term. While other adult programs have been trending down the last few years, we are focusing on improved outreach and advertising. Additionally, the proposed culinary and manufacturing programs offered jointly with Missouri State University-West Plains will be a good opportunity to begin building enrollment in the adult programs.

Tuition

It is our plan to maintain secondary tuition at \$1975 per student for our sending schools. We do offer a tuition incentive for increases in enrollment that some of our schools take advantage of. This has served to increase our enrollment from some schools. We are considering asking the board to approve an increase in secondary tuition in the future to \$2195, with a 10% discount given to consortium schools and current non-consortium schools attending SCCC (Summersville). While that decision has not yet been made, we feel it would encourage any schools who are considering SCCC to join our Perkins consortium. This would serve to allow all of our current schools to maintain their tuition at \$1975. For consortium schools, tuition is taken out of their Perkins funding first, and we bill the schools for the remaining balance. Currently, Thayer is the only school that sends fewer students than their allocation pays for, so they are not billed any extra.

In regards to adult tuition, we have adjusted the Practical Nursing and Surgical Technology fees based on the cost of the services those fees provide the student. For the current 2015 programs, Surgical Technology has a total program cost of \$12,623 and Practical Nursing has a program cost of \$13,220. The other adult programs have a program cost of \$5,875. The proposed joint culinary and manufacturing programs will be charged \$158 per credit hour plus any applicable shop or lab fees. SCCC responsibilities for these programs are only to offer the instruction. No financial aid or student services will be provided by SCCC. The student will remain a MSU-WP student for the duration of those programs.

Carl Perkins Funding

At this time we are projecting a minimal decrease between 1 and 5% in Secondary Perkins funding and a decrease of approximately 8-10% in Adult Perkins funding. This is all projected based on prior grant awards along with enrollment data among our consortium schools. The majority of adult Perkins monies will be spent on advertising. Perkins Allocations are announced in mid-May.

Enhancement Grant

The Enhancement Grant process has changed somewhat for FY16. In addition to the deadline being moved up approximately 8 weeks, much more narrative documentation is required this year. This has resulted in approximately 40% fewer applications submitted statewide.

Major items included in this year's grant application is \$20,307 in estimated start-up costs for Project Lead The Way (PLTW) at the high school, of which we estimate \$13,185 to be reimbursed, resulting in a cost to the district of \$7122. We also are requesting customized master tool sets for Auto Tech at a cost of \$16,406, of which \$12,306 is estimated to be reimbursed. We have requested a new plasma cutter for Ag at a cost of \$3100, with \$2325 of that reimbursed; laparoscopic simulator, new surgical table, and laptop cart with 15 laptops at a total cost of \$37,544, with \$28,158 reimbursed for Surg Tech; New laptop carts and printer for Practical Nursing at a cost of \$27,473, with \$20,627 reimbursed; and a \$50,000 patient simulator for Health Science that can be used by all health programs, with \$37,500 reimbursed.

The actual reimbursement to the district is still to be determined, as approval for the grant has not been released by DESE as of March 31. The total grant is for \$181,986, with \$127,663 (70.1%) reimbursed leaving a district cost of approximately \$54,323.

Salary Reimbursement

State salary reimbursement is provided on most SCCC instructors. The secondary reimbursement is capped at \$244,630. While adult reimbursement is not capped, we are capped by the number of positions we can request reimbursement on. Last year, we received \$130,000. This year, due to shifting our auto program adult instructors to include high school students, we lost \$10,000 on salary reimbursement. However, as we examine the need to have comingled programs on an annual basis, we will determine if the increase in secondary tuition will cover any loss of salary reimbursement. Total estimated salary reimbursement for FY16 is \$364,630.

General Comments

Dr. Cotter and I met in March with Dr. Boyer concerning SCCC budget for FY16. Following our discussion, we have decided SCCC will be taking some initiative in doing what we can to cut back on costs both for the remainder of this school year and for next school year. A few points:

- In developing our budget for 2015-16, we are looking at cutting back on most board supply budgets by 5-20%. We have looked at historical spending for our programs and have made cuts accordingly. That being said, we will do everything we can to make sure our instructors have what they need for their classes, but for this year and beyond, we are asking them to only request items they absolutely have to have to operate. The good news is most of our expenses come out of Perkins monies, so we should not see many major changes.
- As we are cutting back on most board accounts, we will concentrate most of our Perkins money for next year on PD, materials and supplies, and some salaries. We are able to pay some of our counseling and VRE salaries with Perkins funds. We would love to be able to purchase even more up-to-date equipment for our programs, but we will have to wait until we get our actual allocation numbers to decide what we can purchase and what will need to wait.
- Textbook purchases need to wait if at all possible. If our staff feels they must have new textbooks, we will do what we can to provide the most up-to-date materials available.
- For the past couple of years, we have attempted to pay for all students who compete and qualify for state competition to be able to do so without going into your student activity accounts. We will do everything we can to be able to continue this, but as funds get tighter it is possible we may have to look at putting a cap on what we can pay for state competition. We will try to not require instructors to get into activity funds to help pay for this, but we may have to ask them to help out if we have to cap what we spend. Perkins guidelines do not allow us to pay for CTSO student costs/travel.

There is some good news.

- We will not have to pay for all of those extra accreditation costs we incurred this year, which really helps our bottom line.
- We are also able to apply for enhancement funding for programs this next year that have recently been ineligible for the funding. Once approved, this will allow us to upgrade some equipment that is in need of replacing.
- We have also been able to purchase some large ticket items with grant funding recently prior to some of the programs being ineligible for enhancement funding.

In addition, the partnership with MSU-WP for Culinary Arts and the proposed Advanced Manufacturing Training Center will not require us to dip into any of our budget. We are seeking other sources of funding for the AMTC outside of district funds, so the addition of this program will not have any negative effect on funding for current programs. Once it is up and running, it should sustain itself through tuition. Any extra costs for our increased Culinary Arts numbers will also be taken care of with tuition.

We have a great faculty and staff at SCCC and we know how well we work as a team to make things work!

SCCC ENHANCEMENT GRANT

Below is a summary of the Fy 2016 Enhancement Grant I will be submitting February 6. All items are reimbursed at 50% except for equipment purchases that are \$1000 or more line item, which are reimbursed at 75%. The estimated district match for FY 16 is \$51,698, compared to \$57,079 for FY 15 and \$64,735 for FY 14 grant. We are able to get funding for some items for Surg Tech as FY 16 is the first grant year Surg Tech is eligible for funding. Also included in FY 16 are some of the start-up costs for Project Lead the Way. Of the \$20,307 start-up, we estimate \$13,185 (64.9%) to be reimbursed.

The reimbursement numbers are estimated by DESE, as DESE will reduce awards if the approved requests throughout the state are greater than the funds available for enhancement. For FY 15, we had a 31% reduction in reimbursement, and had approximately 20% in FY 14. I predict fewer dollars in requests this year due to new equipment guidelines and a new process DESE is using for submitting grants this year. Prior to this year, equipment had to be at least \$200 to be eligible for 75% reimbursement. This year that threshold is increased to \$1000.

* Notice: Current year actuals are incomplete.

** Notice: For Year 2016 Federal Programs budgeted Revenue and Expenditures offset. The prior method was to place Title I expenditures within the operating codes of other programs. This method was effective when larger amounts of money was spent on personnel, however, it has become confusing and needed a change when greater amounts of Title I funds were used for supplies and services.
