Jeron Girdley	April 6	Joe Garrison	April 28
Tessa Gaunt	April 9	Dillion Nicholas	April 30
Canaan Miller	April 10	Andrew Ray	April 30

What We've Been Learning:

WPE: We will be having a 4 week Girl Scout program for all girls. Students will participate in crafts and songs. At the end of the 4 week program, a ceremony will be conducted for parents. We will also be having a journal writing contest between grades 1-4. Students will be responsible for writing in their journal daily and keeping it safe. During the last week of April, a winner will be chosen from each grade and will win a special prize.

WPMS: Students are looking forward to more outdoor activities as the weather has been beautiful! Students will be playing badminton, basketball, volleyball, and possibly tennis. Students are working towards having a talent show.

SFE: Students learned about the life cycle of a flower and the anatomy of the flower. Each student got to plant a flower of their own to take home.

Students decorated their own flower pots, added soil and seeds, and watered the plants.

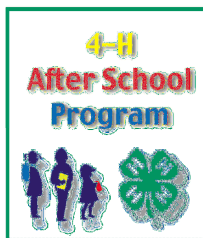

BASE Youth Council News:

WPE: The council welcomed new 4th grade member Natalie Hobbs. Students are enjoying the new snack of bananas and would like to substitute our fruit snacks with fruit roll-ups. Members believe the sticker behavior charts in the cafeteria during snack are effective. Members would like to do something special on the last day of BASE such as a talent show or a kickball tournament.

WPMS: Members are thankful for having time to do their homework before going home. The council decided to have the talent show on a Friday during Friday Fun Day. Practices will be held on Thursdays with Mrs. Fain.

SFE: Members would like to have beef jerky for snack. Suggestions for future activities are an earth day activity, have an Easter egg hunt, have craft centers. Members would also like to learn about music.

4H News:

Members have been continuing to learn about microwave safety. Students recently made pizza and eggs in the microwave. All members will be going on a field trip to Brookhaven Nursing Home on April 17 to visit residents. The field trip will satisfy their community awareness component.

HAPPY EASTER from the BASE STAFF!!!!!!
